

ALMIS STUDENTS MATHS COMPETITION IN SRILANKA

ALMIS has the honour to report that two of its students Mayank Mehta (Form 1B3) and his sister Megha Mehta (Form 1G2) participated in the 18th International SIP Abacus and Mental Arithmetic Contest held in Colombo, Sri Lanka on the 4th November 2018.

Both students performed well enough to receive certificates and medals, but above that, Maynak scored so highly as to come in at 2nd place in his category.

There were a total of 2,500 students from India, Singapore, Malaysia, Tanzania, UAE and hosts Sri Lanka that took part in the mathematics competition. Due to the large turnout, the event was held in Sugandha Stadium.

Tanzania was represented by 17 students from IST, Genesis, Feza International, Indian School and Al Muntazir (Seminary and Primary).

We congratulate Mayank and Megha for a job well done!

Students all set for the Competition
