STAFF MOTIVATION THROUGH BIRTHDAY CELEBRATIONS

“Appreciation goes a long way as motivation” ~ Candice Clark

One of the most powerful motivators for employees is recognition. Recognition has a long lasting and more noticeable effect on employee motivation.

At Al Muntazir Girls primary School we highly value our staff and aim to recognize every achievement they have. We do believe that Group recognition and team building are excellent tools for boosting morale, but one of the most effective ways of boosting our staff’s morale is also by celebrating their birthday.

We celebrate the Birthdays of our staff every month by gifting them a token.

Our employees are important part of our school and recognizing occasions like their birthdays helps us maintain a healthy relationship with them.
