COMMUNITY SERVICE – THE JOY OF GIVING

Visiting someone who is sick isn't always easy, but it can be a great comfort for the patient. To practice the principles of Community Service the students of Grade 5 visited the sick at the Ocean Road Cancer Research Hospital on Friday May 20th 2017.

The students had the opportunity to visit the male wards and meet the patients who are undergoing treatment. They spoke a few words with each of the patients and shared small gifts of clothing, soap and milk. The students were truly touched with the suffering and pain they saw.

By encountering others with real needs, students discover gratitude for their own gifts and become empowered by the realization that they can help in their own small way to make the World a better place. Such gratitude and power can increase a sense of duty and hopefully inspire students to dedicate themselves more fully to the service of others.

The students of grade one created handmade get well soon cards to wish the patients at the hospital a speedy recovery. The patients were delighted to see the little messages of care.

The Joy in Giving

Students eagerly heading to the wards to distribute the daily necessities
