About 240 students reported to school. The New students were given advice on several topics ranging from guidance on how the young boys and girls can successfully handle their new life in a new environment, and how learning would be easier if the students maintained positive discipline and proper manners.

The day ended with each student receiving a small gift from Class Teachers.

Al Muntazir schools are among the top schools both in Dar es Salaam and in the country that offer both curricular Necta and Cambridge with comprehensive extra curricula activities for the students.
